

Overseas Selection for International Students

Application Guidelines for Enrollment in October 2021 / April 2022

Graduate School of Environmental and Life Science

(Doctor's Course)

OKAYAMA UNIVERSITY

Admission Policy

This graduate school develops human resources who can solve the problems of creating a recycling-based society and ensuring food security through education. The Graduate School seeks the following human resources from Japan and overseas.

- (1) Those who have the rich culture, ethics, and expertise necessary for the sustainable development of civilization, and who have the language skills to be active internationally.
- (2) Those who have a strong desire to acquire advanced expertise based on scientific knowledge for sustainable development of the global environment and elucidation of life phenomena.

Prior to admission, those who wish to enroll in this graduate school must have basic knowledge and abilities in their specialized fields in the bachelor's program, and have the ability to apply their knowledge and acquire international communication skills. Therefore, we will carry out various entrance examinations such as an examination to confirm the ability to communicate in English and the specialized knowledge of each major, and an oral examination to confirm whether or not the person is suitable for the ideal type of human resources being sought. Details of the entrance examinations and evaluation methods will be specified in the application guidelines.
